Email : jacobshen18@gmail.com

Mobile : +1 858-888-2163

Location: Seattle, WA

## EXPERIENCE

---

- **SonderMind** Remote/Denver, CO  
*Senior Applied Scientist/Statistician* Mar 2023 - Present
  - Researched, prototyped, and productionized methods to augment Behavioral Healthcare Technology Services with Machine Learning, facilitating personalized measurement-based care.
  - Led a project using GPT-2 and reinforcement learning framework to enhance online advertising effectiveness and optimize paid search strategies, resulting in measurable improvements in marketing ROI.
  - Developed and deployed a client-provider recommendation system that increased rate of initial therapy sessions.
  - Developed tooling to enable continuous, reproducible, and automatic deployment of ML services via AWS.
- **Mindstrong** (acquired by SonderMind) Remote/San Francisco, CA  
*Senior Applied Scientist/Statistician* May 2022 - Mar 2023
  - Developed a personalized recommendation system to optimize content library with patient clinical symptom profiles.
  - Developed a robust anomaly detection framework to enhance the monitoring of patients' smartphone usage data and improve therapy efficiency.
  - Developed a Model-Assisted Behavioral Healthcare system to improve clinical session efficiency and decision making triaging.
- **Fred Hutchinson Cancer Center** Seattle, WA  
*Senior Statistician* Nov 2018 - Apr 2022
  - Pioneered the application of advanced statistical and machine learning techniques for the analysis of clinical trial data, fitness tracking data, and EHR for cancer survivors, leading to actionable insights and enhanced patient care strategies.
  - Led the development of research protocols, experimental designs, and was instrumental in manuscript drafting and data management, significantly contributing to the center's research output and efficiency.
- **UC San Diego Health** La Jolla, CA  
*Statistician/Biostatistics Manager* Sep 2015 - Oct 2018
  - Headed the statistics unit within the Head & Neck Clinical and Translational Research Lab, driving the strategic application of statistical analyses in clinical research.
  - Implemented machine learning algorithms and data visualization techniques to analyze medical image data and large-scale clinical trial data, yielding critical insights for clinical decision-making.
  - Authored research manuscripts and effectively communicated complex statistical findings to a diverse range of stakeholders, enhancing the impact and reach of research outcomes.

## EDUCATION

---

- **University of California San Diego** La Jolla, CA  
*M.S. in Statistics / Ph.D. in Biostatistics (ABD)* 2018
- **Xiamen University** Xiamen, China  
*B.S. in Computational Mathematics* 2013

## SKILLS

---

- **Languages & Tools:** Python, R, SQL, Java, Bash, AWS (SageMaker, EC2), PyTorch, Tensorflow, Docker, Kubernetes, Git/Github
- **Expertise:** Experimental Methods (hypothesis, A/B, multi-armed bandit), Bayesian Statistics, Reinforcement Learning, Deep Learning, Generative Modeling
